Ontario is home to world-class research hospitals that make Ontario Healthier, Wealthier, Smarter today.

Investing in health research will help build a Healthier, Wealthier, Smarter tomorrow.

Healthier

Driving the future of healthcare
- Conduct leading-edge research - discovered here, tested here, delivered here
- Provide access to the most specialized care for patients from across Ontario
- Discover better care, cures and treatments for the most pressing health challenges of today and tomorrow

Wealthier

Fueling the innovation engine
- Attract $1.4 billion in health research annually
- Commercialize discoveries, generate spin-off companies and partnerships, draw investment into Ontario
- Implement evidence-based care to reduce costs while improving quality
- Healthy ROI: $1 spent on hospital research generates $3 of economic output

Smarter

Growing the knowledge-based economy
- Attract, train and retain top researchers and specialists from Ontario and around the globe
- Support knowledge-based jobs – over 18,000 researchers and research staff
- Make healthcare smarter by spreading and implementing what works through the Adopting Research to Improve Care (ARTIC) Program
